Overview

Background

Gero Innovations Grant

Resource Reviews

Gero Innovations Grant

The Gero Innovations Grant provides funds for 14 selected MSW programs to develop, implement, and evaluate different methods to infuse gerontological competencies into classes and related field opportunities for each of the three specialty areas - mental health, substance use and health.

Gero Innovations Grant Awardees

The 14 recipients (school and project director) of the Masters Advanced Curriculum (MAC) Project's Gero Innovations Grant are as follows:

Adelphi University

Judy Fenster, Ph.D.
